

Riverside Academy
Headteacher: Henry Wake

Dear

I am writing to request your permission for your daughter to take part in some research. The research is being done with University College London (UCL). It focuses on pupils' experience of the FPQ, HPQ, and EPQ.

Pupils are invited to take part in at least one focus group discussion and to complete an electronic questionnaire. Focus groups will take place in school at a time agreed with the pupils involved. The questionnaire can be completed either in school or at home.

Rest assured that the research conforms rigorously with our school's child protection and safeguarding policy. Moreover, the pilot studies suggest that pupils may find participation both enjoyable and educative.

An information sheet with full details about the research is attached.

If you are happy for her to take part in the research, then I should be grateful if you would give your signed permission. Please complete and sign the parent/carer consent form. I've attached this also. Your daughter should return this to me at her earliest convenience.

Please feel free to contact me if you have any questions or concerns. I am, of course, happy to discuss by telephone or in person.

May I take this opportunity to thank you for your continued support.

Yours sincerely

Jed Stone
